FEW WORDS TO THE WISE. The man who is wise enough to appreciate

the advantage of weather strips ought never make the mistake of putting in poor ones. Of course you know felt strips are the best, but there are different qualities of felt strips and only "one" best, which is Valentine. We are sole agents. Prices are precious lit-tle, if any more than you pay for inferior felt strips.

A half hundred people will be glad to learn we have received the \$2.75 Gas Heating Stoves for which they have been waiting. We didn't anticipate such a "rush" on these, and yet we cush to have known that such a stove would sell like "hot cakes," We have larger and better gas heating stoves. If every one who wanted a saw could compare all the dollar saws in Washington with ours the others wouldn't sell one. Yetsome people refuse to investigate and continue buying poor saws of others. But more peo-ple are finding us out, and as a result ou ness is growing steadily. BARBEL & ROSS, Builders' Hardware,

W. C. Mertz,

think.
You are personally interested in low prices. Now, where do you expect you will find them? You don't expect the place with big expenses to let their tailoring go for a little profit. Hardly consistent, is it? You know our location is just a few steps out of the expensive business region. Have you stopped to consider how much asving those few steps reveseents to you men in your commands for fine tailoring?

Shop,

Four lipes of Men's Genteel Pat-Four lipes of Men's Genteel Pat-tern Trousers, which have been sali-ing at \$5, go down to \$4.

While this reduction may not seem very much, yet the margin of profit on all the clothing we sell is so small that we cannot afford a larger cut.

We also offer \$12 and \$15 Over-coats for \$10 and \$10 Overcoats at \$7.50. GEORGE SPRANSY, "One-price Clothier."

COST MORE READY MADE.

Think of six hundred more new patterns in Imported Trouserings—and at but two prices.—88 and \$10 per pair to order. Such trouserings will cost you \$13 and \$14 of any first-class tailor, and you should certainly know we wouldn't have bought six hundred patterns if we did not think them absolutely unequied. Think of a saving of \$4 and \$5 on a single pair of Trousers. No wonder our business is growing and that the Beaty-made Clothiers look on in perfect astonishment. Sorry to hurt them
